FLASH CARDS

The **Tank Inspector app** will also offer flash cards to test your knowledge of the standards from the API 653 Effectively Sheet. Flashcards are information bearing cards widely used by professionals for self-study purposes. They assist the student to understand and memorise information faster and easier and include important topics from the API exam Effectively Sheet. They also provide questions from each chapter of the Standard.

Worldwide Tank Services' **Tank Inspector App** assists you to get ready to pass the challenging API-ICP exam
